UPCOMING APPOINTMENT

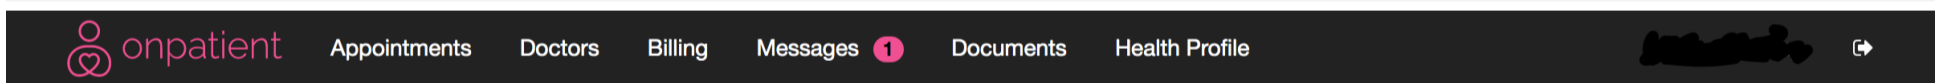

April 4, 2020 at 4:00 PM
Pradeep Mettu, MD
4201 Lake Boone Trail Suite 103
Raleigh, NC 27607

[Check in](#)

3. Click on 'Appointments' in the menu at the top of the page - you will then see 'Upcoming Appointment'

4. Click 'Check in' to check in for your appointment

Onboarding forms

5. Complete or update the 'Onboarding forms'

6. After completing the onboarding forms, read consents and click here for each one

I understand that exposure to COVID-19 before, during, and after my evaluation/treatment/procedure/surgery may result in the following: a positive COVID-19 diagnosis, extended isolation, additional tests, and hospitalization, up to and including: the need for treatment in intensive care (ICU), short-term or long-term intubation, other complications, and death. I understand that if I am to have surgery, I may need additional care that may require that I go to an emergency department or hospital if there are unexpected events.

I understand that COVID-19 may cause additional risks, some of which may not be known at this time.

I understand that this evaluation/procedure may put me at increased risk for becoming infected with COVID-19. By signing this consent form I accept that risk and give my permission to proceed with the evaluation/treatment/procedure/surgery.

I understand that I have the choice to have my evaluation/treatment/procedure/surgery at a later date. I understand the potential risks of delaying and want to proceed.
